MEASURES OF ACADEMIC PROGRESS

Parent Information

Dear Parent(s) or Guardian(s),

Several times throughout each school year, your student will be taking tests in reading, math, language arts, and science called the Measures of Academic Progress (MAP) Tests from Northwest Evaluation Association (NWEA). Teachers and school administrators will be using information from these tests to help determine your student's instructional levels, measure academic growth, and design instruction.

NWEA provides teachers with detailed results within 24 to 48 hours. Although parents will not have direct computer access to the results of each testing period, attached is a copy of your student's test results with page(s) resembling the one below.

For general information, please visit the parent section of the NWEA website at www.nwea.org. If you have specific questions, please contact your student's building principal or Lynn Slanec at 348-2352 or slanec.t.l.m@petoskeyschools.org.
